

Report Date: 26 Jun 2014

Summary Report for Individual Task
551-88K-2705
Conduct Operation of Emergency Radios Onboard a Class B Vessel
Status: Approved

Distribution Restriction: Approved for public release; distribution is unlimited.

Destruction Notice: None

Foreign Disclosure: FD5 - This product/publication has been reviewed by the product developers in coordination with the Fort Lee, VA foreign disclosure authority. This product is releasable to students from all requesting foreign countries without restrictions.

Condition: Assigned as a crewmember aboard a Class B vessel in port or at sea, given an Operation Order/Operations Plan (OPORD /OPLAN), a complete risk assessment, radios, receiving station, and TC 4-15.51, day or night, in all weather conditions, in an operational environment scenario. Some iterations of this task should be performed in MOPP 4.

Standard: Make contact with another station, state required information and acknowledge their reply using correct radiotelephone procedures IAW TC 4-15.51 without injury to personnel or damage to equipment.

Special Condition: None

Safety Risk: Low

MOPP 4: Sometimes

Task Statements

Cue: Given an OPORD/OPLAN to conduct operation of emergency radios onboard a Class B vessel.

<div><div>DANGER</div><div>None</div></div>
--

<div><div>WARNING</div><div>None</div></div>

<div><div>CAUTION</div><div>None</div></div>

Remarks: None

Notes: This task may be performed on any vessel equipped with radio communication equipment.

Performance Steps

1. Check main battery switch is on and switch radio on to high power setting.
2. Select CH 16 (or 2182 kHz preceded by the two tone alarm).
3. Press TRANSMIT BUTTON and say slowly and clearly: MAYDAY, MAYDAY, MAYDAY.
4. State the name of distressed vessel.
5. State position.
 - a. Provide latitude and longitude.
 - b. Provide distance and bearing from last known point.
6. State the nature of your emergency.
 - a. I am... (sinking, on fire, drifting, etc.).
 - b. I have... (number of persons on board, flares, etc.).
 - c. I require immediate assistance.
7. Release transmit button and listen for acknowledgement.
8. Repeat steps 1-6 until acknowledged by receiving station.

(Asterisks indicates a leader performance step.)

Evaluation Guidance: Score the Soldier GO if all performance steps are passed (P). Score the Soldier NO-GO if any performance step is failed (F). If the Soldier fails any step, show what was done wrong and how to do it correctly.

Evaluation Preparation: Ensure that all information, references and equipment required to perform the task are available. Use the TC and the evaluation guide to score the soldier's performance. Brief the soldier. Tell the soldier what he is required to do IAW the task conditions and standards.

PERFORMANCE MEASURES	GO	NO-GO	N/A
1. Checked main battery switch was on and switched radio on to high power setting.			
2. Selected CH 16 (or 2182 kHz preceded by the two tone alarm).			
3. Pressed TRANSMIT BUTTON and said slowly and clearly: MAYDAY, MAYDAY, MAYDAY.			
4. Stated the name of distressed vessel.			
5. Stated position.			
6. Stated the nature of your emergency.			
7. Released transmit button and listened for acknowledgement.			
8. Repeated steps 1-6 until acknowledged by receiving station.

Step Number	Reference ID	Reference Name	Required	Primary
	TC 4-15.51	Marine Crewman's Handbook	Yes	No

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 ENVIRONMENTAL-RELATED RISK ASSESSMENT.

AR 200-1 delineates TRADOC responsibilities to integrate environmental requirements across DOTMLPF and ensures all training procedures, training manuals, and training doctrine includes sound environmental practices and considerations. The Army's environmental vision is to be a national leader in environmental and natural resource stewardship for present and future generations as an integral part of all Army missions. Environmental protection is never completed. Continuously be alert to ways to protect our environment and reduce waste.

Leaders must ensure that their unit has an active and strong environmental program. They must understand the laws and know what actions to take. Leaders bring focus, direction, and commitment to environmental protection. Commanding officers should ensure the following environmental programs are in place and are being maintained:

- Hazardous materials program.
- Hazardous waste program.
- Hazardous communications program.
- Pollution prevention and hazardous waste minimization recycling program.
- Spill prevention and response plan program.

Safety: In a training environment, leaders must perform a risk assessment in accordance with ATP 5-19, Risk Management. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics, Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological, Radiological, and Nuclear Decontamination.

All operations will be performed to protect and preserve Army personnel and property against accidental loss. Procedures will provide for public safety incidental to Army operations and activities and safe and healthful workplaces, procedures, and equipment. Observe all safety and/or environment precautions regarding electricity, cable, and lines. Provide ventilation for exhaust fumes during equipment operation and use hearing protection when required IAW AR 385-10, the Clean Air Act (CAA) and the CAA amendments, and the OSHA Hazard Communication standard.

Accidents are an unacceptable impediment to Army missions, readiness, morale, and resources. Decision makers at every level will employ risk management approaches to effectively preclude unacceptable risk to the safety of personnel and property affiliated with this task.

- (a) Take personal responsibility.
- (b) Practice safe operations.
- (c) Recognize unsafe acts and conditions.
- (d) Take action to prevent accidents.
- (e) Report unsafe acts and conditions.
- (f) Work as a team.

Prerequisite Individual Tasks :

Task Number	Title	Proponent	Status
551-88K-2704	Conduct Bridge-to-Bridge (VHF) Radios Operations Onboard a Vessel	551 - Transportation (Individual)	Obsolete
551-88K-2721	Operate Bridge Communication Systems	551 - Transportation (Individual)	Obsolete
551-88K-2703	Conduct Tactical Operations Radios Onboard a Vessel	551 - Transportation (Individual)	Approved
551-88K-2725	Operate HF Tactical Satellite Communications Radio	551 - Transportation (Individual)	Approved

Supporting Individual Tasks :

Task Number	Title	Proponent	Status
551-88K-2704	Conduct Bridge-to-Bridge (VHF) Radios Operations Onboard a Vessel	551 - Transportation (Individual)	Obsolete

551-88K-3704	Monitor Emergency Radio Operations Onboard a Vessel	551 - Transportation (Individual)	Approved
551-88K-2703	Conduct Tactical Operations Radios Onboard a Vessel	551 - Transportation (Individual)	Approved

Supported Individual Tasks :

Task Number	Title	Proponent	Status
551-88K-2704	Conduct Bridge-to-Bridge (VHF) Radios Operations Onboard a Vessel	551 - Transportation (Individual)	Obsolete
551-88K-3712	Conduct COMSEC Operation	551 - Transportation (Individual)	Approved
551-88K-2724	Operate MF/HF Tactical Radios	551 - Transportation (Individual)	Approved
551-88K-2725	Operate HF Tactical Satellite Communications Radio	551 - Transportation (Individual)	Approved
551-88K-3705	Monitor Operations of High Frequency Radios System Onboard a Vessel	551 - Transportation (Individual)	Approved

Supported Collective Tasks :

Task Number	Title	Proponent	Status
55-2-1508	Conduct Vessel Operations	55 - Transportation (Collective)	Approved
55-2-1506	React to Shipboard Emergency Aboard an Army vessel	55 - Transportation (Collective)	Approved
